"SHOO FLY, DON'T YOU BODDER ME"

That Damage Suit Against Supervisor King of Cazadero.

William P. Josh, the owner of a tract of land on Russian river, has commenced an action in the Superior court of this county against supervisor King of Cazadero for \$15,500 damages for failing to construct a road along the south side of Russian river, between Guerneville and Montro, for which funds had been subscribed. Josh alleged in his complaint that supervisor King was authorized by resolution of the supervisors to go ahead with the work. That he did so but later on abandoned it. This failure of supervisor King, plaintiff claims, prevented the sale of his \$15,000 ranch, hence the damage suit.

Supervisor King is not worrying himself about the suit and says: "Shoo fly, don't bodder me." He acknowledges that he did commence the work, but was compelled to abandon it because plaintiff Josh failed to make good his promise to the Board of Supervisors to secure all the necessary rights of way for the proposed road.

Relying upon this promise, the resolution authorizing the building of the road was passed by the supervisors, and work was commenced on the improvement when it was suddenly brought to a halt by a protesting land owner.

VISITOR FROM LOS ANGELES DIES

Henry Clay Smith Drops Dead on Broadway Last Monday

Had Come to Sonoma for a Rest—Owing to His Poor State of Health.

Henry Clay Smith, who has been sojourning here for the benefit of his health, for some time past, dropped dead on the De Sarto ranch off Broadway last Monday afternoon.

The deceased came here from Los Angeles in the hopes of improving his health. He was a native of New York and aged 66 years.

Coroner Blackburn held an inquest on the remains Tuesday and it developed that the deceased had died from natural causes.

The remains were shipped to his home in Los Angeles for interment.

New Buildings at State Home

Among the appropriations made by the recent legislature for the Sonoma State Home for the Feeble Minded at Eldridge, is one for the erection of three new cottages at home for the housing and treatment of the epileptic and low grade patients. Each of these cottages will accommodate seventy patients, and when they are built they will add much to the equipment for the handling of the poor unfortunates who are wards of the state. Other appropriations provide for the rehousing of buildings and improvements, and for the further development of the water supply.

Owing to the uncertain condition, as far as the amount of available money is concerned, of the State's purse, all the institutions in the state, had their appropriations cut here and there, and greatly reduced. The local institution got off as luckily as any.

EXPOSITION OFFICERS ARE SELECTED

Charles E. Moore was elected President of the Panama Pacific International Exposition Company the other day.

The vote was made unanimous when sufficient ballots had been counted to show he had a clear majority over R. B. Hale, his only competitor. W. H. Crocker was elected acting president to transact the duties until the return of Mr. Moore from New York. All the members of the Board of Directors joined in sending Mr. Moore a congratulatory telegram.

A. W. Foster was elected treasurer; Rudolph Tussig, secretary, and W. H. Crocker, R. B. Hale, M. H. DeYoung, Leon Sloss and James Kolph, vice presidents. An executive committee, consisting of A. W. Foster, R. B. Hale, M. H. DeYoung, W. H. Crocker, I. W. Helman, Jr., Leo Sloss, H. F. Fortman, F. L. Brown, James McNab was elected which will practically control the Fair.

IGNACIO MURDERER COMMITS SUICIDE

The Remains of Slayer of Lafranchi and Albertoni are Found Saturday

Body Discovered Near Scene of Murder With Bullet Hole in Head

Joe Santos, a ranch hand, on Saturday last came suddenly upon the remains of the man who murdered John Lafranchi and his nephew Augustine Albertoni, near Ignacio on March 11th.

The murderer's remains lay upon a hillside with a bullet hole in the head and between the legs lay the weapon with which he had slain his victims and which he had used to end his own life, immediately after the killing, as the body was badly decomposed.

Lafranchi and his nephew were shot down by a stranger while they were milking in the corral behind the ranch. After shooting the two men the murderer shot Mrs. Lafranchi, inflicting a serious wound.

The woman told her story to a visitor at the ranch during the night and a statewide search was started for the assassin. The only clues to the identity were the description given by Mrs. Lafranchi, and a slouch hat found near the scene of the crime.

A box of cartridges, with eight empty shells, was found with the revolver. The strongest link connecting the dead man with the murders is the fact that no hat was found near the body, and that letters in the pockets indicated that he came here from Mendocino county. The murderer of Lafranchi and Albertoni told a rancher a short time before he went to the Lafranchi dairy that he came from Mendocino.

Hike to Top of Mt. Bismark.

A group of young folks composed of Misses: M. & C. Dowdall, E. Kehoe, and M. Walsh and Messrs: T. Walsh, W. Block, and G. Millrick drove to Alta Vista last Sunday, where they were joined by the Misses E. Manda and Master B. & O. Gericke, Jr. From there the merry-makers journeyed afoot with the top of Mt. Bismark as their destination. Of course the young ladies were the best climbers and naturally beat the young men by a dozen city blocks? When the poor tired fellows arrived they were surprised to find that their lady friends had already prepared a feast of "Good Eats to Bite" that well might have won the heart of any man. All report a most enjoyable time. O. U. Calico Cake!

Practicing for Entertainment

The tabloid version of Robin Hood, which is in preparation for the Ladies Aid Society of the Congregational Church benefit in May, is being rehearsed and promises to be a musical treat. The cast includes Misses Ida Water, Marie Clewe, Ramona Granice, Nancy Bates; Georgie Andrews, Florence Rubke, Emily Pompe, Gladys Simmons, Gertrude Breitenbach, Anita Gassner, Henrietta and Louise Weber, Myrtle Minkle, Majorie Buchanan, Gertrude Calderwood and Mary Cherry. Alfred Jansen appears in a leading role.

The Red Tag Sale at Duhrings

Much interest seems to have been awakened in the ten day clearance sale which begins at Duhrings today. Many articles in each department of their large stock have been greatly reduced in price, notably in the wagon, vehicle, crockery, kitchenware, men's furnishings and the extensive line of shoes for men, women and children. We believe that it will be time well spent to visit the store and inspect the display, because when Duhring cuts prices, he cuts deep.

The Don Theatre

Will give away a prize every Saturday. Coupons given at each performance will also have illustrated songs Sunday and Sunday. Also wish to state that I am a resident of Sonoma and I am here to stay. —Collins & Mohr, Props.

The Sonoma baseball team will cross bats with the Kenwood nine this Sunday.

Woman Suffrage

A campaign is on for the woman suffrage movement, the amendment for which is to be voted on at a special election set for the coming October. To stir the women of Sonoma to a realization of their rights and duties, Mrs. Judge Spencer of Lassen County, and a cousin of Mr. DeWitt Montgomery, addressed an audience of representative women in Union Hall last Monday. Mrs. F. I. Duhring, who has been appointed precinct chairman for Sonoma valley, urged every woman present to come and bring a friend with her to a meeting at the Duhring residence, the date of which has been set for Monday, April 24th, at 3 P. M. It is hoped a large number of women will attend, as interest in this movement is forging rapidly in the front throughout the entire state, and the movement will be keenly watched by several other states where similar work is on foot, notably Nevada.

In Justice Campbell's Court

Pete Carrol was tried and convicted in Justice Campbell's Court Thursday of petty larceny and sentenced to 90 days in the County Jail. His offense was purloining a set of harness, garden hose and five pitchers from "The Oaks," near Boyes Springs, and disposing of the loot to Popper, the junk dealer.

Paddy Brown, a disturber of the peace, also came in for his when he faced Judge Campbell, charged with being drunk and disorderly at Boyes Springs and Agua Caliente. He was soaked for 60 days and turned over to Deputy Sheriff Joe Ryan, who took both prisoners to Santa Rosa and lodged them in the county jail to serve out their sentences.

HEALDSBURG POST OFFICE ROBBED

Thieves Get Away with More Than \$3,000 in Stamps and Currency

No Clue as to Their Identity or Whereabouts Has Yet Been Found.

No amateur cracksmen were they who during the early hours of Monday morning drove into town and dynamited the safe in the Healdsburg Post Office getting away with more than \$3,000.00 in stamps and currency.

It is supposed the robbers had an automobile at their disposal and in it made their escape.

Sheriff Smith of Santa Rosa was immediately notified and started for Healdsburg in his automobile. He had to delay a few minutes to fix it, otherwise he might have met the robbers, as they were reported passing through Santa Rosa a few minutes after 4 o'clock, going south. Three men were in the machine.

The surrounding country was combed during the day for suspects, but there were no catches. Coroner Sawyer of Marin County, out on a trout fishing trip was raked in, but soon proved his identity and was allowed to fish in peace.

The robbers missed \$2,500 in and \$2,000 in stamps by the activity of Watchman DeWitt. He was near the postoffice when the roar of the nitro-glycerine broke the calm of the night.

He thought it came from a bank and ran to the spot, firing his revolver as he ran. All safe there, he ran to the postoffice, the window shade which is always drawn so that the watchman can look in to the room, was closed.

De Witt didn't stop to think much about consequences, but ran on into the corridor. He saw that the glass part of the door leading into distributing room of the office had been broken. Putting his arm through this gap DeWitt fired in the general direction of the back room, where he thought the robbers were waiting.

But the first shots had set the gang hustling for their machine. They took with them \$3,000 worth of one and two cent stamps and \$80 in cash, leaving the strong box with the \$2,500 in cash, which they had taken out of the safe.

The robbers gained entrance to the postoffice by breaking the glass in the door leading into the money order department. They used a pick specially sharpened to force open doors open and destroyed locks on all doors and gates leading into the back yard. They had an easy escape ready, before they went to work on the safe. A minute after the explosion they had taken the loot and fled. The explosion did not injure anything else in the building. The men worked with the skill of professional yeggmen. They left plain finger marks on the safe, a portion of a bottle of unused nitro-glycerine and the pick.

On one of the early ferries from Sausalito to San Francisco on Monday morning was an automobile containing two men and supposedly a woman. At any rate the third party in the machine bore evidences of having been recklessly driven. It is believed that the people in the automobile were the three men who were responsible for the dynamiting of the safe in the Healdsburg postoffice on Monday morning and that the disguising of one of the men was for the purpose of throwing aside suspicion.

Up to last night no clue as to the identity or the whereabouts of the bandits had been secured. Inspector Swain of the postoffice department and other detectives of the department visited Healdsburg Monday night and remained over yesterday pursuing an investigation.

Rain is Welcome

The farmers had their desires realized Monday in the plentiful downpour of rain. For several days the gathering clouds had betokened the near approach of a storm, and the farmers were happy in expectancy. Tuesday night the rivers and small streams in different parts of the county were rising, and the indications were for more rain. The downpour of rain which we have had this week will be a great help to the farmers and undoubtedly make the coming season a very successful one.

WHAT IS NEWS?

THE recent symposium conducted by Will Irwin of "Colliers" on "What is News" brought out some very interesting definitions and opinions from the leading editors of the county. All seemed to agree that news was the reflection of happenings served up according to public taste. There was a consensus of opinion that while the press moulded public opinion to a certain degree that the pulse of the public was really the determining factor and that the wise and successful publisher was the one who was most sensitive to public demand.

The "news sense" which a good newspaper man must possess has become highly sensitized as the public's appetite for reading has increased and as facilities for gathering and transmitting the happenings of the world have improved. That all papers must have good service in the respect is demanded but the methods of treatment and the latitude of editors determines the kind of patronage a paper gets. Thus we have all kinds of papers, catering to widely diversified followings. The yellow journal is a product of one sort of demand, the conservative newspaper is the result of an opposite taste in the public. With the magazines there is a similar effort to fit into the scheme of things. With the growth of insurgency for instance blossomed out the "American" and kindred publications. With the interest in socialism on the increase we are getting publications reflective of that tendency.

The newspaper however is in a class by itself and its segregation of the events or happenings in the world is of greatest import. When one realizes the immense amount of matter segregated, boiled down and put into print the responsibility of determining news and the space and prominence it deserves is perceptible. It is therefore highly necessary that there should be some accepted point of view as to what really constitutes news. News and its treatment are separate considerations. News itself varies in accordance with the patrons to be served. For instance the county newspaper fills a different want than the big dailies. Its sphere is smaller, though none the less interesting. It is more personal in its note and reflects a community spirit. Things that would appear trivial to our larger contemporaries are fraught with great interest to the local reader. The building of Sonoma's sewer for instance is more eagerly read of here than the great tunnel through the Alps. The utterances of a local politician are more keenly analyzed than the sayings of Mr. Roosevelt. The local subscriber sympathizes with the farmer he knows whose cow is reported run down by the local train considerably more than he sympathizes with the man at Juraze, who loses a string of race horses. The local school girl who loses a gold filled bracelet furnishes an item comparatively as good as Jennie Crocker's loss of real pearls. The goings and comings of local travelers is of interest to relatives and friends and is therefore news. It has been tritely said that anything worth telling is worth printing and if we follow this axiom without offending, an interesting paper is the result.

THAT politics make strange bed-fellows has been illustrated in the classic precincts of Berkeley where the Socialists were carried into office on the high tide of feeling engendered against some of the regular party leaders.

It wasn't that Berkeley loved the socialists but that they hated Hodgheads backing. Well Berkeley has had many pretensions to Utopianism and we may watch what the Socialists can do when given a chance.

Assessor's Notice

Property Owners.

All taxpayers are required by the Constitution to make and deliver to the County Assessor annually a statement under oath, setting forth specifically all the real and personal property owned by such person, or in his possession, or under his control, at 12 o'clock M. on the first Monday in March.

Note—The assessment of property throughout the State of California is made during the months of March, April, May and June, and the law requires that each individual property holder file a statement with the assessor or his deputy during these months.

Mortgages Not Assessable.

The Attorney General holds that "from this time forth all mortgages, no matter when made nor what their terms, are exempt from taxation."

The Constitutional Amendment which was adopted at the last general election, provided that a mortgage or deed of trust "shall not be considered property subject to taxation," and this operates as a decree by the people that the securities mentioned shall not hereafter constitute taxable property. Official duties in matters of taxation cannot be imposed or regulated by private contract.

Nevertheless, the lien of taxes for mortgages assessed in 1910, before the constitution was amended, is not released, and parties now charged with taxes on the tax rolls must pay the same."

PERSONAL PROPERTY.

The Assessor must collect the taxes on all personal property when in his opinion said taxes are not a lien upon the real property sufficient to secure the payment of the taxes. The Assessor or his deputy must collect such taxes at the time of making the assessment.

State Poll and Road Poll Tax

Are due on demand from all persons liable to same, between the 1st Monday in March and the 1st Monday in August. The amount is \$2 each. If not paid by the 1st Monday in August, \$1 is added and the amount becomes \$3 each.

All persons owning real estate that has heretofore been assessed to the wrong name, or those who have purchased real estate within the past year, are requested to appear with their deeds at the Assessor's office or to the deputies, during the months of March, April and May, and have the proper changes made.

Will those having fruit trees or vines kindly enumerate the same, giving number and age of each kind, so as to save time when the deputy assessor calls.

Any desired information relative to assessments will be furnished upon application at the county assessor's office, court house, Santa Rosa.

County Assessor.

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. THE ONE REMEDY which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. New State Law

A new section has been added
to the Penal Code of the State to
read as follows:

"Any person who throws or de-
posits any glass bottle, glass, nails,
tacks, hoops, wires, cans or any
other substance likely to injure any
person, animal or vehicle upon any
public highway in the State of
California shall be guilty
of a misdemeanor."—Approved
March 1st, 1911.

Another new section is added
to the same code to read as fol-
lows:

"Any person operating or driv-
ing an automobile, motorcycle or
other motor vehicle who becomes
or collides with any vehicle con-
taining a person, the driver of,
and all persons in such automobile,
motorcycle or other motor vehicle
who have or assume authority over
such driver, shall immediately
cause such automobile, motorcycle
or other motor vehicle to stop,
and shall forthwith render to the
person struck, or the occupants of
such vehicle, all needed assistance,
including the carrying of such per-
son or occupants to a physician or
surgeon for medical or surgical
treatment, if such treatment seems

such vehicle or person struck, the
number of such automobile,
motorcycle or other motor vehicle,
with the name and address of the
driver and of each person in such

vehicle at the time of such strik-
ing or collision. Any person violat-
ing provisions of this section is
punishable by imprisonment in the

state prison not exceeding five
years or in the county jail not
exceeding one year, or by fine not
exceeding five thousand dollars, or
by both fine and imprisonment."

Trout Fishing

The trout fishing season which
opened last Saturday was taken
advantage of by most of the local
fishermen in this place and vicinity.
The small boy was also very much
in evidence on the banks of the ten
or fifteen trout streams in this val-
ley, much to the disgust of a num-
ber of our local fly casters many of
whom, notwithstanding the handi-
cap, caught the limit.

Future for Valley in Eucalyptus

That there is a big future for
Sonoma Valley in the planting and
cultivating of eucalyptus is con-
fidently believed by those who have
inquired into the industry. With
the hardwood supply of the coun-
try fastly diminishing and with the
quick growth these trees make, it
is predicted that it will be a big
and coming industry. With this
end in view and knowing the adap-
tability of our soil to eucalyptus
growth, Jack London has set out
50,000 young trees which he will
nurture carefully for 25 years after
which time they will take care of
themselves.

The foundation for the house on
the London ranch is being laid.
The plans call for a hacienda type
with beautiful court and spacious
verandas.

Catarrah cannot be cured

with local applications, as they
cannot reach the seat of the disease.
Catarrah is a blood or constitutional
disease, and in order to cure it
you must take internal remedies.
Hall's Catarrah Cure is taken inter-
nally, and acts directly on the
blood and mucous surfaces. Hall's
Catarrah Cure is not a quack medi-
cine. It is composed of the best
tonics known, combined with the
best blood purifiers, acting directly
on the mucous surfaces. The per-
fect combination of the two ingre-
dients is what produces such won-
derful results in curing Catarrah.

Bigelow Makes Statement

Sonoma, Cal., Apr. 5, 1911.
To the Editor INDEX-TRIBUNE:
The statement has been widely
circulated that I said that the sa-
loons of this valley were respon-
sible for the fires at my place.

In justice to the saloon men and
myself, I wish to say that this is
not so, as I have many friends
among the saloon men, and I can
say that a very great majority of
them would not be a party to such
a dastardly deed, and would be
the first to bring to justice any-
one among them if they had any
knowledge of their guilt.

What I did say, was that the
fires were the work of a set of men
connected with some of the saloons,
and the investigation has proved
this to be a fact, and we hope
that within a short time to be able
to bring them to justice.

Signed: J. K. BIGELOW.

the trial of Paul Bettini, charged
with murder, for June 27. The
man shot and killed John Acquis-

ing is alleged to have been over
the price charged for some liquid
refreshments.

CITY TRUSTEES IN APRIL SESSION

Again Take Up Sewer Proposition and Decide on the Dunn Place for Septic Tank

At the regular meeting of the Board of City Trustees held Wednesday evening, after the usual monthly bills had been passed and other minor matters disposed of the sewer proposition, which has been lying dormant for several months in so far as the general public was concerned, was again taken up by the introduction of a new resolution by Trustee McDonnell, which received a second from Trustee Dal Poggetto and was then passed unanimously. Previous to the passage of the resolution, City Attorney Poppe reported the title to the Dunn place to be satisfactory and recommended its purchase for \$2000, as all the necessary rights of way had been secured.

The monthly reports of the Recorder, Marshal and Poundmaster were received and referred to the Finance Committee.

A communication was received from J. L. Gottenberg of the Sonoma Valley Garage asking permission to install a Bowser gasoline tank on his premises. On motion of Trustee Wagner seconded by Trustee Dal Poggetto the communication was referred to President Cummings.

The report of C. T. Ryland on business connected with the rock crusher was referred to the Finance Committee.

Ordinance No. 115 was read first and second time. Ordinance No. 116 was read for the first and then went over until the next meeting of the Board.

The street committee was instructed to advertise for bids for sprinkling the public streets.

Ralph Perkins, expert accountant, was engaged to expert the books of the city from where he left off last year.

The cemetery committee was authorized to erect a sign on the cemetery tract prohibiting the dumping of garbage on the same. The Trustees then adjourned to April 12th.

Bitten by Vicious Dog

Mrs. Joe Weinzierl of Agua Caliente while going to the post-office in that place last Tuesday was attacked by a vicious dog and bitten severely on the calf of the right leg. The injury was treated by Dr. Leix who cauterized the wound and as hydrophobia is not prevalent in this section of the Country no danger what ever is apprehended from the bite which was a bad one. The injured lady is the wife of Joe Weinzierl, proprietor of the Heidelberg Hotel Agua Caliente, who recently leased the property of the late Albert Geeselman from Mr. Mrs. Nevaumont of Los Angeles.
